RE: Daily COVID-19 Update

Good morning and thanks for reading this update. I had a call with the Southeast District Health Department yesterday and they informed me that they will be submitting press releases on Monday, Wednesday, and Friday rather than any day that they receive word of positive cases of COVID-19 in their district. So if they are informed of a positive case in their district on Thursday, the release to the press will not come out until Friday.

Dr. Bob Rauner from Lincoln published another YouTube report on July 8th. His reports are very informative. The link to that report is included here:

<https://www.youtube.com/watch?v=kRyp9S780I0&feature=youtu.be>

As of 9:00 this morning there were 12,294,117 cases in the world. Yesterday there were 12,068,034 cases. There have been 555,531 deaths. Yesterday there had been 550,159 deaths.

In the United States there are now 3,118,168 positive cases, 133,291 deaths and 38,032,966 people that have been tested. Yesterday there were 3,055,491 cases, 132,310 deaths and 37,431,666 people that had been tested. That makes over 62,000 new cases identified since yesterday. 399,513 of the US cases are in New York. Yesterday there were 398,929 cases there.

In Nebraska there are now 20,623 cases and there have been 284 deaths. Yesterday there had been 20,425 positive cases and 282 deaths. That makes 198 new confirmed cases identified since yesterday and 89 of the new cases are in Douglas County. 197,835 people have been tested in the state. Yesterday 195,048 people had been tested. We now have had four confirmed cases in Nemaha County, six in Richardson County, seven in Johnson County and twenty-four in Otoe County. These are the numbers of cases in each county as reported by the Southeast District Health Department. 7,773 of the Nebraska cases are in Douglas County. There have now been 1,608 confirmed cases in Hall County, 869 cases in Dawson County and 1,781 cases in Dakota County. There are now 61 cases in Gage County and 1,990 cases in Lancaster County. There have been 41 positive cases and one death in the Southeast District Health Department area.
